

AMENDMENTS TO THE CLAIMS:

This listing of claims will replace all prior versions, and listings, of claims in the application:

LISTING OF CLAIMS:

1. (Currently Amended) A printing device comprising:
a printing job receiving unit for receiving a printing job, wherein the printing job includes test print image data and a command;
a command analyzing unit for analyzing ~~[[a]]~~ the command included in said printing job;
a default setup modifying unit for modifying a default setup to a modified default setup based on a default setup modifying command when said command is said default setup modifying command; and
a printing unit for printing the test print image data ~~to be printed~~ included in said printing job according to the modified default setup.
2. (Cancelled).
3. (Currently Amended) ~~[[A]]~~ The printing device claimed in claim 1, wherein said printing unit prints the contents of the default setup modified by said default setup modifying unit.
4. (Currently Amended) A printing job transmission device comprising:
a default setup inputting unit for inputting a default setup for a printing device;

a printing job preparation unit for preparing a printing job including test print image data and a default setup modifying command for modifying the default setup of said printing device to a modified default setup entered by said default setup input unit; and

a printing job transmission unit for transmitting said printing job to said printing device.

5. (Currently Amended) A printing system comprising a printing device and a printing job transmission device, which are connected ~~to be able~~ so as to communicate with each other; wherein,

said printing job transmission device comprising:

a default setup inputting unit for inputting a default setup for said printing device;

a printing job preparation unit for preparing a printing job including test print image data and a default setup modifying command for modifying the default setup of said printing device to a modified default setup entered by said default setup input unit; and

a printing job transmission unit for transmitting said printing job to said printing device; and

said printing device comprising:

a printing job receiving unit for receiving a printing job including the test print image data and a command;

a command analyzing unit for analyzing ~~[[a]]~~ the command included in said printing job;

a default setup modifying unit for modifying a default setup to the modified default setup based on a default setup modifying command when said command is said default setup modifying command; and

a printing unit for printing the test print image data to be printed included in said printing job according to the modified default setup.

6. (Cancelled).

7. (Currently Amended) **[[A]]** The printing system claimed in claim 5, wherein said printing unit of said printing device prints the contents of the default setup modified by said default setup modifying unit.

8. (Currently Amended) A printing method comprising:

~~a printing job receiving step of~~ receiving a printing job including test print image data and a command;

~~a command analyzing step of~~ analyzing **[[a]]** the command included in said printing job;

~~a default setup modifying step of~~ modifying a default setup to a modified default setup based on a default setup modifying command when said command is said default setup modifying command; and

~~a printing step of~~ printing the test print image data to be printed included in said printing job according to the modified default setup.

9. (Cancelled).

10. (Currently Amended) ~~[[A]]~~ The printing method claimed in claim 8, wherein said printing step prints the contents of the default setup modified by said default setup modifying step.

11. (Currently Amended) A printing job transmission method comprising:
~~a default setup inputting step of~~ inputting a default setup for a printing device;
~~a printing job preparation step of~~ preparing a printing job including test print image data and a default setup modifying command for modifying the default setup of said printing device to a modified default setup entered by said default setup input step; and

~~a printing job transmission step of~~ transmitting said printing job to said printing device.

12. (Currently Amended) A computer-readable medium storing a printing program for causing a printing device to execute:

~~a printing job receiving step of~~ receiving a printing job including test print image data and a command;

~~a command analyzing step of~~ analyzing ~~[[a]]~~ the command included in said printing job;

~~a default setup modifying step of~~ modifying a default setup to a modified default setup based on a default setup modifying command when said command is said default setup modifying command; and

~~a printing step of printing the test print image data to be printed~~ included in said printing job according to the modified default setup.

13. (Cancelled).

14. (Currently Amended) ~~[[A]]~~ The printing program on the computer-readable medium claimed in claim 12, wherein said printing step prints the contents of the default setup modified by said default setup modifying step.

15. (Cancelled).

16. (Currently Amended) A computer-readable medium storing a printing job transmission program for causing a printing job transmission device to execute:
~~a default setup inputting step of inputting a default setup for a printing device;~~
~~a printing job preparation step of preparing a printing job including test print image data and~~ a default setup modifying command for modifying the default setup of said printing device to a modified default setup entered by said default setup input step; and

~~a printing job transmission step of transmitting said printing job to said printing device.~~

17. (Cancelled).
